Who Needs Shape Up US?

America’s Children are at Risk:

♥ 13.9% of 2-5 year olds are obese

♥ 18.5% of children (over 10 million 6-19 years olds) are obese

♥ Approximately 60% of obese children aged 5 to 10 years had at least one cardiovascular disease risk factor; 25% had 2 or more risk factors

♥ 2011-2012 – 17,9000 Children and adolescents younger than 20 yrs old with type 1 and 5,300 children and adolescents with Type 2 diabetes

The CDC reports that school-based health education programs that encourage healthy behaviors are the most effective method of combating cardiovascular illnesses and can reduce the prevalence of obesity by 50% among elementary school children.

Create AWARENESS! –Through Health and Wellness Expos

Deliver EDUCATION! The Hip Hop Healthy Heart Program for Children™ is a K-6th grade comprehensive wellness literacy education curriculum that has been created to “Build A Culture of Health” through our educational system. This program provides our children with the tools to flourish and be resilient! To guide them to blossom into their full potential (mentally, physically and emotionally). It “Transforms Our Children” through a Train-The-Trainer model that will “Positively” affect ALL who Engage in this program. It is the Solution To Lifestyle and Behavioral Changes!

ACTION: Shape Up US launches Clap4Health!™
A National Fitness Campaign

CLAP4HEALTH!™

Raises Awareness and Prevents Obesity Among Youth
A National Fitness Campaign - Using Clapping as its Method of Delivery
GET ACTIVE! HEALTHY! and HAPPY!

Clap4Health!™ gives kids a chance--at Shape Up events, school, afterschool programs or at home--to be creative and experience the benefits of this exciting program.

Clapping makes YOU feel good! Combined with other types of movement, like dance and sports, it can deliver:

• Improved motor skills
• Enhanced benefits
  – Emotional
  – Sociological
  – Psychological
  – Cognitive

ACTION: Eat Right – Move More™
A National Walking Program

Walk The Walk -- Benefits of Walking
A National Walking Program- GET ACTIVE! HEALTHY! GET MOVING!

Walking – which improves physical, mental and spiritual health – can be an important part of your child’s daily exercise. Studies suggest that children between 5 and 19 need at least 12,000 steps per day for optimum health. For boys, the daily number of steps increases to 15,000.

Walking makes YOU feel good!

- Improved cardiovascular health
- Boosts Immune Function - Strengthen your immune cells with a 30-minute daily walk
- Enhances Brain Health- Who would have thought a walk could make you smarter?
- Stabilizes Mood
- Provides Emotional and Spiritual benefits

Introduce your child to walking and give them the lifelong benefits of health, relaxation, independence, and well-being. So, get your kids to walk the walk.

It may be one of the best gifts you could ever give them.
