Dear Ms. Steinback,

We are sincerely grateful for your generosity in sharing your ***Hip Hop Healthy Heart Program for Children (HPC)*** free of charge to all of our elementary health and physical education teachers throughout New York State.

We support your goal to “*Build a Healthier Future*” and empower children and families to lead healthier, happier lives. The strength of your program is in your three-pronged approach, *Awareness! Education! Action!*

We are pleased to advocate for Shape Up US and HPC by sharing this quality resource with our members. Again, thank you for this opportunity.

Sincerely,

Colleen Corsi  
Executive Director
